

Coach Application 2023 Season

We are proud of our status as being one of the largest rugby clubs in Western Australia, with a clear vision and philosophy around the coaching practices of all our coaches. We pride ourselves on providing a true pathway for our coaches, actively supporting and encouraging their development and education. This enables them to achieve their coaching goals and aspirations, as they seek appointments in regional and state programs, club run academy programs and ultimately appointments into our senior and premier grade ranks.

Our coaching philosophies are:

- To represent our club with integrity, ethics and honesty, in the true spirit of rugby at all times,
- To create an inclusive, happy, supportive and safe environment for players & coaches, of all abilities to develop and enjoy the game of rugby,
- To encourage and support the selection of players to the age group above the grade that they are coaching to help the development of that player,
- To have a player focused approach to coaching that promotes player development ahead of winning titles,
- To ensure that no borders are created between teams within the same age group or other age groups and the removal of any mindset that coaches assume players are “Theirs”, In every instance the players represents the Joondalup Brothers RUFC and not the individual coach.
- To promote and maintain healthy relationships within the club and wider rugby community.
- To support and contribute to the club’s culture along with its style of rugby from Premier Grade through to our junior teams.
